Consent for Biometric Data Processing for Remote Identity Verification (KYC)

Information Notice

Pursuant to Article 6/3 of the Personal Data Protection Law No. 6698 (“KVKK”), your voice, video, photograph, facial image, and biometric data obtained from these (facial recognition template) constitute special category personal data.

I acknowledge that I have been informed that my biometric data may be processed for the purposes specified below during the remote customer acquisition (KYC) process carried out through our mobile application.

Purposes of Processing

- Detection of facial liveliness,
- Verification of identity by matching the photograph on the identity document with the facial image,
- Comparing the biometric suitability of the voice, video and photographs taken using biometric data or the photograph on the identity document,
- Fulfilling obligations arising from legislation,
- Preventing fraud and ensuring transaction security.

Transfer

I acknowledge that your biometric data may be shared, limited to the purposes stated above, with:

- Hayhay Finansman A.Ş., SanctionScanner, Trlogic Bilgi Teknoloji A.Ş., Innovance Bilgi Teknolojileri A.Ş.
- Authorised public institutions and organisations (such as the Central Bank of the Republic of Turkey, the Money Laundering and Terrorist Financing Investigation Board, etc.) where required by law.

Explicit Consent

Within the scope, purpose and transfer described above, I acknowledge and declare that I freely and explicitly consent to the processing (collection, creation of encrypted templates and comparison) of my biometric data (including facial recognition templates) for the purpose of conducting the remote identity verification (KYC) process and to its sharing with the parties mentioned above.

This explicit consent is entirely voluntary. If you do not give your explicit consent, the remote identity verification (KYC) process cannot be completed without the use of biometric data, and in this case, only limited use may be possible within the scope of the legislation.

Checkbox:

☐ I give my explicit consent to the processing of my biometric data for remote identity verification (KYC) using facial recognition.
